

## Kennedy Roars Into Final Day Of Campaign

Insists Election Will Be Close, But Aides Are Optimistic

WITH KENNEDY IN NEW ENGLAND (AP) — Sen. John F. Kennedy roared into the final day of his presidential campaign today, redoubling his attacks on Vice President Richard M. Nixon, and insisting that "this is a close election."

As the zero hour neared, his lieutenants radiated optimism about the outcome of Tuesday's election.

There was an atmosphere in his camp of "it's all over but the tabulating."

### Indicate Kennedy Ahead

Tremendous crowds and near-delirious receptions for Kennedy-eve in some Republican strongholds—heightened the impression that the Democratic presidential candidate was ahead as the race came into the stretch drive.

Live reports to his headquarters from around the country, along with some polls, appeared to confirm this.

Kennedy was taking no chances.

"This is a close election," he told his audiences. "It may be decided by one or two per cent of the vote in the major states."

His aides are watching closely for last-minute reports from California, Texas, Illinois, Ohio, Michigan and New Jersey.

### Plan Final Moves

Kennedy planned these moves in the final hours:

1. He prepared to go on television tonight to replay to Nixon after the vice president's four-hour question-and-answer marathon today. Pierre Salinger, his press secretary, said the channel was not yet certain, but Kennedy would make the appearance some time between 6 and 8 p.m. EST.

2. A telephone drive for support, reaching toward three million persons, was under way. Kennedy's aides said they already have calls and "more are coming in by the hour."

3. The Democratic National Committee prepared to issue hourly bulletins starting at 3 p.m. EST today to "analyze Nixon's answers" during his telecast.

4. Kennedy started on a whirlwind drive through Rhode Island, Connecticut, New Hampshire, Vermont and Massachusetts. He closes the campaign in Boston, his home town, with a national telecast starting at 11 p.m. EST from historic Faneuil Hall. His wife, Jacqueline Kennedy, may go before the cameras with him.

### Moves at Furious Pace

Kennedy moved at a furious pace in the closing hours of the campaign.

He was on the road for 18 hours on Saturday and early Sunday morning. He campaigned for 15 hours on Sunday and prepared to go through another 15-hour ordeal today.

"We shall not slumber and we shall not rest until the hour when the decision is before the American people," Kennedy told his audiences again and again.

He was averaging less than five hours sleep and he had talked himself hoarse. Nevertheless, he was still addressing crowds at 2 and 3 o'clock in the morning.

## \$73,029 Reported For United Appeals

The United Appeals drive has reached \$73,029, according to figures released this morning.

The figure represents 86 per cent of the \$84,960 goal.

General Chairman Ralph Martin said he and other campaign leaders will meet this evening to review and list all contributions.

This year's drive, although short of its goal, has produced the largest amount ever received in the city for a community chest effort.

Mr. Martin said the drive was a decision may be reached tonight to continue solicitations the rest of this week.

## Explodes In Subway Train

# Bomb Kills Girl In New York

NEW YORK (AP)—A dynamite bomb exploded with a thunderous, shattering roar aboard a subway train deep under Harlem Sunday night, killing a young girl and injuring 18 other persons.

Police did not believe it was the work of New York's "Sunday bomber," who has been blamed for four other explosions since Oct. 2.

The bomb had been hidden under a straw-covered seat at the rear of the fifth car of a six-car Independent line express train. The southbound train was halted at the 125th Street station in the heart of Harlem when the bomb exploded.

The force of the blast bulged out the steel sides of the car, gouged out a two-foot hole in the floor, shattered every window but one. Big chunks of concrete were ripped from the station platform.

About 30 passengers were aboard the fatal car. A girl sitting directly over the bomb, was

killed — her legs torn off. Two youths sitting across the aisle were injured critically.

The girl was identified as Sandra Breland, 15, of Brooklyn. Her handbag was blown to bits.

Cordell Jones, 18, was just boarding the train when the bomb exploded. He was blown across the platform and onto the southbound local tracks. He suffered head, neck and back injuries.

"It looked like the seats blew into the roof," he said.

Police searching the wreckage found a detonating cap, which they said, confirmed that the explosive probably was dynamite.

Leads were skimpy. Two injured youths said they saw a man hurriedly leave the car several stops before it arrived at the 125th Street station. The train's conductor remembered there had been a troublesome passenger who had bothered women passengers before getting off one stop before the blast.

## President of Congo Flying to U.N. Session

UNITED NATIONS (AP)—Congo President Joseph Kasavubu was flying to New York today to demand that U.N. soldiers from Ghana and Guinea get out of his chaotic country at once.

Stopping over in Paris briefly, Kasavubu told a news conference he would demand the withdrawal

of all U.N. soldiers. Then he indicated he would be satisfied with the immediate withdrawal of the soldiers from Ghana and Guinea.

Ghana and Guinea are leading a drive in the U.N. General Assembly to get the Congo Parliament back in session, believing the Parliament will reinstate Soviet-supported Patrice Lumumba as premier.

Col. Joseph Mobutu, the Congo army commander, ousted Lumumba and suspended Parliament in a coup in September supported by Kasavubu. Since then Ghana soldiers have protected the Mobutu-Kasavubu regime.

The U.N. assembly was scheduled to begin debate on the Congo this afternoon. Kasavubu's plane was due in New York about the time the session was to start, and his chief New York representative, Sen. Cyrille Adoula, said he would seek to get the debate postponed 24 to 48 hours so Kasavubu could be on hand for the start.

Kasavubu had two advantages in forcing a showdown:

1. The assembly's rules of procedure entitle any chief of state to issue credentials for assembly representatives and the custom is to seat a chief of state without credentials.

2. A new U.N. report on the Congo says the only two fixed institutions in the young nation's political life are Parliament and the chief of state.

The report last week by Secretary-General Dag Hammarskjöld's chief deputy in the Congo, Rajeshwar Dayal of India, practically ignored Lumumba. But it also severely criticized army commander Col. Joseph Mobutu and the commissioners council that Mobutu and Kasavubu were supposed to run the country.

Hammarskjöld's 18-nation advisory committee, made up of countries with troops in the U.N. task force in the Congo, already has instructed a conciliation commission being sent to the Congo next week to work for restoration of parliamentary democracy.

## Salem Man Elected by Ohio Ruritans

James Baxter of RD 4, Salem, was elected governor of the Ohio Ruritan District at its annual meeting Saturday at Beaver Local School near East Liverpool.

He succeeds Fred Puttkamer of Greenford.

Baxter, a foreman at the Deming Co., was secretary-treasurer of the organization the past year.

He is a member of the Greenford Ruritan Club.

William Ferguson of Greenford was elected secretary-treasurer, succeeding Baxter.

More than 200 delegates from the 21 clubs in the state attended the meeting which was climaxed with a banquet.

Floyd Lower of Lisbon was endorsed by the district as a candidate for vice president of Ruritan National for 1961. He is presently serving on the board of directors of the national group.

The Damascus Club was awarded the Zone 1 community service award and the Ohio district community award.

Guest speaker was Fred Kellam of Princess Anne, Va., Ruritan national past president.

William Eshelman of Beloit was re-elected Zone 1 lieutenant-governor, along with William Webber of Fairfield Club, Zone 2; James Jusice of Greenford, Zone 3; Ralph Schneider of North Georgetown, Zone 4; Dwight Ickes of Washingtonville and Howard Showalter of Carrollton, reelected Zone 5 and 6.

Fairfield Club won the attendance record for the year and the community service award went to the Damascus Club. West Township club had the most members at the meeting.

## Potters-IBOP Talks Recessed

CLEVELAND (AP) — Contract negotiations between the U. S. Potters Association and the International Brotherhood of Operative Potters were in recess today.

Federal Mediator Clair Willmeth announced after the talks were recessed Saturday that further sessions will be called later. He explained that such sessions might be a week or two away.

Representatives of the union and the potters association held negotiations in New York for 10 days last month but ended in a deadlock. The talks were resumed here last Wednesday.

The union contract, covering 4,900 workers in nine plants, expires Dec. 1.

## Vice President Blasts Rival's Farm Program

Nixon Arrives In Wisconsin After Visit to Alaska

MADISON, Wis. (AP) — Vice President Richard M. Nixon started this final day of the campaign early — and with a vigorous new attack on his Democratic rival, Sen. John F. Kennedy.

Facing a grueling last round of battling, including four hours of answering voters' questions on nationwide television, Nixon arrived here shortly before 8 a.m. CST, after an overnight flight from Anchorage, Alaska.

### 3,500 Welcome Veeep

He got a rousing welcome from a crowd, estimated unofficially at 3,500, which turned out for an airport rally in chilly weather. The ground was white with frost as Nixon and his wife, Pat, came down the ramp from their jet airliner.

Nixon tore into Kennedy's farm program in this rich dairy state.

"The program would cause a million jobs to be lost on the farms of America," he told his audience.

Dealing specifically with the situation in Wisconsin, Nixon said the Kennedy plan would cut farmers' total sales of milk and cream.

Nixon dealt briefly with the situation in Cuba and the Fidel Castro regime there.

### Says Tyrants Will Fail

He said Cuba "needed a revolution," which Castro led. But, the vice president added, the people of Cuba "need an honest government, a good government." Then Nixon said to cheers: "The time will come when the tyrants will come down and the free people will rise."

Nixon got perhaps his biggest cheers when he declared: "We don't think America is a second-rate power or a second-rate country in any respect."

Nixon concluded by calling on the audience to "go out and work hard for 24 hours and win this election."

The vice president swung into the Midwest from Alaska for a

## Clark Gable Resting After Heart Attack

HOLLYWOOD (AP)—Clark Gable—struck by a heart attack that might have been much worse if he hadn't called off a hunting trip—was resting satisfactorily today.

Gable suffered the attack Sunday at his suburban Encino home and was rushed by ambulance to Hollywood Presbyterian Hospital. Doctors and his wife said the quick use of oxygen undoubtedly prevented more serious, or even fatal, damage to his heart.

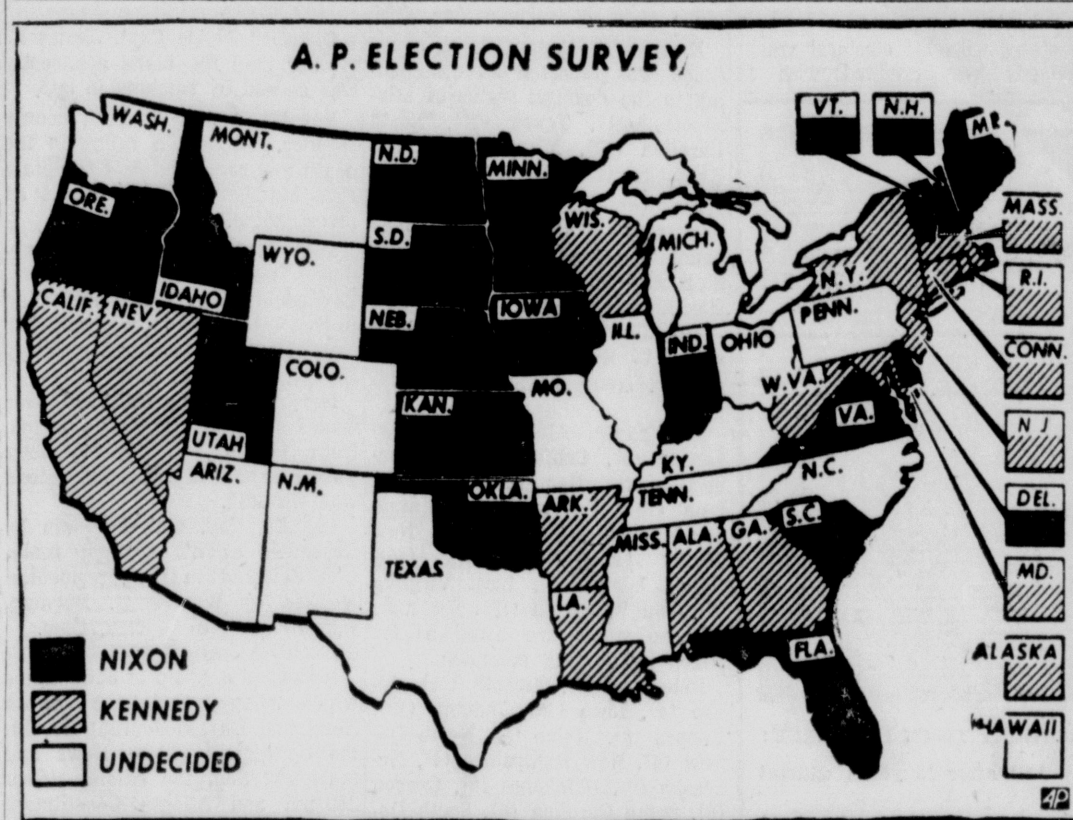

"It's a miracle," said Kay Gable, expectant mother and fifth wife of the 59-year-old king of the movies. "He had planned a week-end hunting trip at his duck club near Stockton. There are no phones there and it's miles from a doctor."

"Then Friday night he said: 'I think I'll spend the weekend home with you and the children. I don't think I should go up there.'"

"On Saturday night he seemed fine, wrestling with my two chil-

## Teachers Strike In New York

Defy Threats of Being Discharged

NEW YORK (AP) — Teachers struck today for the first time in the history of New York City schools.

Picket lines formed at daybreak, with sign-carrying teachers pacing the sidewalks outside schools. They defied threats that they would be fired for such action.

What proportion of the teaching personnel was involved could not be quickly determined. Pupils were advised to report to class as usual.

The striking United Federation of Teachers claims to represent a fourth of the 40,000 teachers in the city's 837 public schools. Enrollment exceeds a million.

Al Shanker, a union official, said more than 5,000 teachers were expected to picket at all 128 junior high schools, 80 of 86 high schools and about 200 of 600 elementary schools.

An hour before class time, 40 teachers marched outside Seward Park High School on Manhattan's lower East Side. Six pickets patrolled Dunbar Junior High in the Bronx. They said 60 of 80 teachers there were striking. Eight pickets took up posts at La Salle Junior High in midtown Manhattan.

At one school, only one of 20 teachers normally on duty by 8:30 a.m. had reported.

Charles Cogen, UFT president, called the strike "a great success."

The union has accused the

## Many Pollsters Give Edge to Sen. Kennedy

Winning Candidate Must Carry Most of Seven Key States

WASHINGTON (AP)—With the marathon campaign reaching a crescendo, nearly 67 million Americans prepared today to pick a new president.

Whether their choice in Tuesday's election would be Democratic Sen. John F. Kennedy of Massachusetts or Republican Vice President Richard M. Nixon appeared to hinge primarily on the decision of a majority of the voters in the seven largest states.

These states—New York, Pennsylvania, Ohio, Illinois, Michigan, California and Texas—have 205 of the 269 electoral votes needed for election. To win, either candidate probably will need to carry most of them. New York and California were reported shaded for Kennedy. The rest were listed as doubtful.

### Nixon's Partisans Confident

Although many of the pollsters and dopesters gave Kennedy the edge, Nixon's partisans maintained outward confidence a last-hour surge would carry their man to narrow victory. Some of Kennedy's backers were talking in terms of an electoral vote landslide.

The two presidential candidates and their running mates scheduled a fittingly feverish windup for a campaign in which they have crisscrossed the nation by air, rail and motorcade for a total of 135,000 miles of travel. Each has been seen in person by millions and on television by additional tens of millions.

Kennedy stumped in about 240 cities and towns, Nixon in about 170. With Sunday's visit to Alaska, Nixon made it to all 50 states. Kennedy bypassed only Alabama, Hawaii, Louisiana, Mississippi, North Dakota and Nevada.

Kennedy winds up his campaign with a national television broadcast (CBS) from Boston tonight. He will vote in Boston Tuesday and go to Hyannis Port, Mass., to get the returns.

Kennedy's running mate, Sen. Lyndon B. Johnson, will close the campaign in Texas.

### Nixon Flies to Chicago

After his television stint in Detroit, Nixon flies to Chicago for a joint appearance with Eisenhower, in Washington, and Henry Cabot Lodge, the vice-presidential nominee, in Boston, on a national telecast to be carried at staggered times by all three networks.

After a post-midnight rally in Los Angeles, Nixon will go to his home town of Whittier, Calif., to vote. Returning to Los Angeles, he will get the vote results in a hotel there.

As the candidates raced down to the wire, there was general recognition that a few unguessed factors might influence the final result.

One of these is Kennedy's Roman Catholic religion. Nixon is a Quaker.

President Eisenhower's campaigning for Nixon also may play a part in the outcome. Eisenhower tried to boost the Nixon cause in four critical states, New York, Pennsylvania, California and Ohio.

### POLICE SEEK MOTORIST

LISBON — Village police are seeking an unidentified motorist who struck a utility pole on Leeve, near the fairgrounds, Friday at 11:40 p.m. and failed to stop.

The pole was snapped off about a foot above the ground. Ohio Bell Telephone Co. workers replaced the pole Saturday.

## Poll Shows Gains by Kennedy

WASHINGTON (AP)—An Associated Press survey shows that Sen. John F. Kennedy has gained considerably in his electoral vote outlook since a similar check three weeks ago.

However, many of the states were in the doubtful or tossup category, including several of the bigger ones. Vice President Richard M. Nixon could overtake Kennedy if he wins a significant number of these doubtful states while keeping his own bloc intact.

It is possible that the latest AP survey, conducted last week, does not fully reflect any influence President Eisenhower's late-inning speechmaking may have had in Nixon's favor.

The survey was based on judgments of AP political observers

in all parts of the country, newspaper analyses, party leaders and certain poll findings. It was believed that in a number of states the silent, undecided vote was big enough to tip the result one way or the other.

The survey provided this breakdown:

Kennedy ahead in 15 states with 197 electoral votes — 72 short of the 269 needed to win. There are a total of 537 electoral votes.

Nixon ahead in 17 states with 112 electoral votes — 85 behind Kennedy and 157 short of the 269 minimum needed for election.

Listed as tossups were 18 states with 228 electoral votes.

In the AP survey three weeks ago Nixon was given a lead in 19 states with 141 electoral votes; Kennedy was credited with 14

states with 129 votes, and 17 states with 267 votes were listed as doubtful.

Kennedy's jump into the forefront is traced to his gaining an apparent lead in New York (45) and California (32), both listed as doubtful last time. But the California edge for Kennedy is considered very small.

Nixon gained Utah (4) from the doubtful group, but Illinois (27), Wyoming (3) and Hawaii (3) moved from the Nixon column into the doubtful category.

Nixon has been saying he senses a strong tide of victory running in his favor. But with the possible exception of Ohio (25), the AP survey did not show any clear signs of such a tide.

Kennedy's Roman Catholic religion was reported as contributing to the doubtful status of Minnesota, (11), Texas (24), North Carolina (14), Missouri (13) and Kentucky (10).

However, in some large industrial states with sizable Catholic populations there was some indication that Kennedy's religion was an advantage.

The final AP survey gives these states to Kennedy, with margins ranging from substantial to minute:

Alaska (3), Alabama (11), Arkansas (8), California (32), Connecticut (8), Georgia (12), Louisiana (10), Maryland (9), Massachusetts (16), Nevada (3), New Jersey (16), New York (45), Rhode Island (4), West Virginia (8), and Wisconsin (12).

These states are listed as for Nixon by varying margins:

Delaware (3), Florida (10), Idaho (4), Iowa (10), Indiana (13), Kansas (8), Maine (5), North Dakota (4), New Hampshire (4), Nebraska (6), Oklahoma (8), Oregon (6), South Carolina (8), South Dakota (4), Utah (4), Virginia (12), and Vermont (3).

Doubtful states viewed as possibly leaning toward Kennedy were Mississippi (8), Missouri (13), North Carolina (14), Ohio (25), and Tennessee (11).

Doubtful states possibly leaning toward Nixon were Kentucky (10) and Wyoming (3).

## Mrs. Cox, Former First Lady Of Ohio, Succumbs In Fire

DAYTON, Ohio (AP) — Mrs. Margaretta Cox, a former first lady of Ohio and a friend of several of the nation's presidents, perished Sunday in a fire at her suburban Oakwood home. A coroner hinted that something was amiss and asked the state fire marshal to investigate.

The 70-year-old widow of former Gov. James M. Cox, newspaper publisher and unsuccessful Democratic candidate for president in 1920, was found unconscious in her bathroom. She was dead on arrival at Miami Valley Hospital.

She apparently had made her way to the bathroom after being awakened by the flames, which burned her cheek and earlobe and gutted her bedroom. She was alone in the house.

Oakwood Police Capt. James E. Walker said the blaze apparently was caused by smoking in bed.

But Dr. Robert E. Zipf, county coroner, withheld a ruling in the death and requested that the State Fire Marshal's Office conduct an investigation.

Said Zipf: "It seems unlikely that a person as active as Mrs. Cox could be in a house burning to that extent and be trapped, with two exits open. Neither stairway showed any signs of fire."

Mrs. Cox's late husband was Ohio's governor for three terms, from 1913-15 and 1917-21. They were married—she was his second wife—in 1917.

In 1920, Cox, with Franklin D. Roosevelt as his running mate, was defeated in the presidential election by Warren G. Harding, Republican from Marion, Ohio.

Cox died July 16, 1957.

He owned a group of newspapers which today include the Dayton News and Dayton Journal Herald, the Springfield (Ohio) News and Springfield Sun, the Atlanta (Ga.) Journal and Atlanta Constitution and the Miami (Fla.) News. He also had interests in radio and television stations in those cities.

His son by his previous marriage, James M. Cox Jr., of Dayton and Miami, now heads the newspaper group.

Mrs. Cox also leaves another stepson, John W. Cox of Baltimore, Md., two daughters, Mrs. Garner Anthony of Honolulu and Mrs. Robert Chambers of Atlanta, and five grandchildren.

Funeral arrangements are incomplete.

Mrs. Cox headed the Citizens for Kennedy-Johnson organization in Dayton. She knew the Democratic presidential candidate, Sen. John F. Kennedy, personally, and conferred with him here recently on his campaign swing through Ohio.

Sunday afternoon she was to have appeared on a political television broadcast in which she would have said:

"Despite my years of exposure

to politics, this is my very first experience by way of active personal participation."

## The Issue On Tuesday

Richard Nixon and Cabot Lodge have done their best to win the 1960 presidential election.

If they get licked on Tuesday, no one can say they didn't go all-out.

There will be no cause to complain, as there was in 1948 when Thomas E. Dewey lost his me-too campaign against Harry Truman, that the loser never got his gun out of the holster. Dewey's running mate, Earl Warren, never got his gun out, either.

Voters sized up Dewey and Warren and decided to take Truman and Barkley.

Nixon and Lodge have not made that mistake. They have made it plain they are not putting on an imitation of John Kennedy and his left-wing backers.

At the windup of the campaign, however, they are not favored to win. That does not mean they are fighting a rear-guard action. Far from it. This election is so close that many pollsters are refusing to make a prediction. Even those who climb out on a limb are leaving an avenue of escape.

Never has there been such frank discussion of the possibility of defeat on the eve of a national election. Even the most enthusiastic backers of the Nixon-Lodge team are facing up to the fact their ticket is the underdog.

One thing surely can stop the anticipated triumph of the assorted pressure blocs that have lined up behind the Democratic senators from Massachusetts and Texas.

It is the kind of political miracle that would put in his polling place every qualified American voter who understands the issues and casts his vote not on whim or instinct but on the basis of a profound concern for the welfare of his country.

**THE POLITICAL COALITION** for Kennedy-Johnson has registered millions more voters than the Republicans can claim—an edge of more than 16 million in the 50 states.

The Kennedy-Johnson coalition has been given the vast money-manpower resources of the labor unions to finance and operate its intensive campaign.

Sen. Kennedy and his family have spent large amounts of money to bring the presidency within reach. Their campaign began a few weeks after the Democratic convention in 1956, when their "favorite son" was edged out of the vice presidential nomination by Estes Kefauver. It has been running full blast ever since.

In addition to labor union support and the lopsided favor of Negro voters in large cities and Jewish voters in New York—a key state—the Kennedy candidacy is showing the benefit of favor by members of the Catholic faith — nation's largest religious minority.

This newspaper rejects the idea that there is a religious issue as such in U.S. politics. But that doesn't mean there is no such thing as a religious vote. It is a very real thing.

Catholic voters indicate they are going to be preponderantly for Kennedy. In some parts of the country, Protestant voters will be preponderantly for Nixon. But in the country as a whole, the non-Catholic vote will be divided while the Catholic vote will tend to go to Kennedy.

Putting all these things together, backers

of the Nixon-Lodge ticket concede that the Kennedy-Johnson ticket comes up to Election Day in 1960 with a heavy advantage.

**A GREAT DEAL MORE** than partisan politics hangs in the balance.

We do not think John Kennedy wants to be a socialist. We are certain he never has thought of himself as being a socialist.

We do think, however, that he is so ambitious to be elected that he has got into bed with ideologists with whom he never expected to be friendly when the presidential bug first bit him.

We think his bedfellows have it in mind to do with this scion of wealth that they did with Franklin D. Roosevelt, who was willing to do their bidding as long as they could guarantee his re-election.

We think Jack Kennedy would end up with an impossible choice if he won the election. He either could make himself agreeable to people like Walter Reuther, or he could make himself agreeable to people like Lyndon Johnson, his running mate.

In either case, he would be as ineffectual in the White House as Roosevelt was after he lost his fight to pack the Supreme Court, or as Harry Truman was when all he could do in the White House was quarrel with a Congress that had lost confidence in him.

We have tried to make it plain to our readers that we back Vice President Nixon and Ambassador Lodge because we believe they are the protectors of free enterprise and are men of proved ability in the battle against Big Brother government.

This is the battle of the New Deal-Fair Deal all over again—the one that supposedly ended when the mess in Washington was cleaned up in 1953.

**THE REPUBLICAN PARTY** leaves much to be desired, but it's all that's left of the traditional two-party system. The Democratic coalition is formidable. It is well-oiled. It is a political juggernaut when it gets rolling.

But it is not a political party—not with Lyndon Johnson and Negro-hating southerners at one end and Humphrey, Reuther, Morse and Negro-manipulating northerners at the other end. It has only one policy—to spend more money.

When political fulminators sputter that this election will determine the outcome of history for a long time to come, we agree—but not for the reason they have in mind.

They are talking about the struggle to keep ahead of the Communist Conspiracy abroad—or, if Kennedy's people are talking, to pull abreast of the Communist conspirators.

We are thinking about the struggle to keep ahead of the socialists at home.

There is this great itch and urge in America to imitate what we are trying to get rid of. Communists have the same problem. They rant against capitalism, yet become more capitalistic. We rant against socialism, on the other hand, yet rush into a welfare state.

We refuse to believe this is America's destiny.

We are sure something finer is in store for America than to repeat here the shabby disappointments of socialism in Britain, France, Italy and Russia.

There is no reason for private enterprise to holler "Quits!" before it has even begun to show what it can do.

**IN 1960**, Richard Nixon and Cabot Lodge are the private enterprise candidates for president and vice president.

John Kennedy is the public enterprise candidate—the spend-more-tax-more-boss - more candidate. We don't know what to say about Lyndon Johnson, except to say we think, he, too, may want to be at the top so badly he will do anything to get there.

The odds are against Nixon and Lodge. They favor Kennedy and Johnson. It is entirely possible that representative democracy is about to give a mandate to welfare statism and deny a mandate to private enterprise.

We still speak out for Nixon and Lodge, hoping for the miracle that would produce enough voters to keep Big Brotherites and state socialists at arm's length.

Three states and the U.S. government may co-operate in giving New Haven Railroad a break through tax abatements and loans. Fast work necessary to save the line.

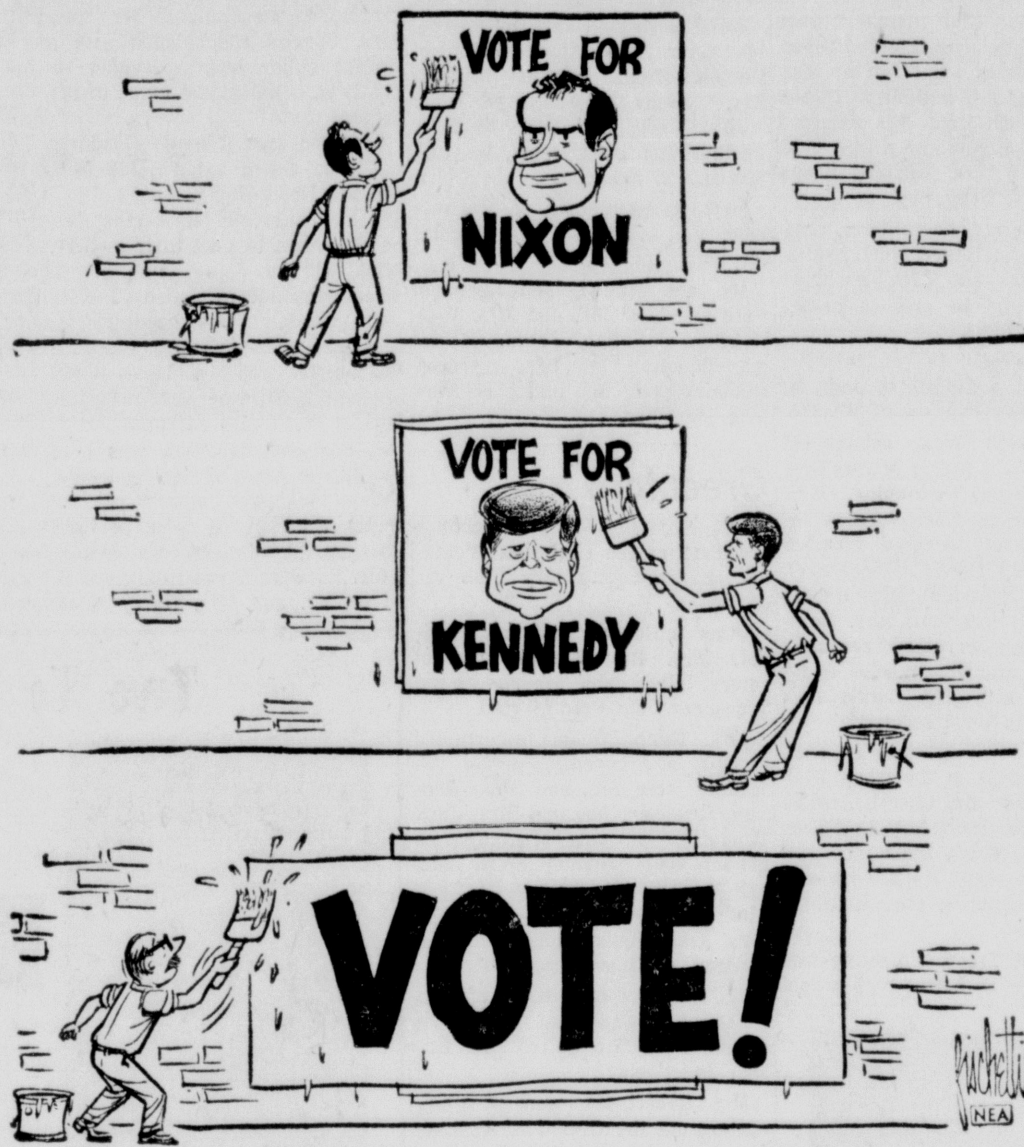

We can remember when it was one of the most prosperous roads in the land. Its stock now selling for peanut money was for years above \$200 a share and a gilt-edged investment. Almost every estate had some. It was efficient, well managed and almost always on time.

It had no Diesels but its steam locomotive whistles gave out a song of efficiency. The home station depot wasn't much, but it had ample porters, train callers who could be understood, a good restaurant and a dominating air of courtesy.

The cars were clean and torn upholstery was a rarity instead of an accepted situation. Litter and filth was never left ankle-deep along the tracks.

Railroad hands seemed happy with jobs and never surly toward the cash customers. It has been in a deep hole for many years, suffering from the competition of trucklines getting better treatment from states and the nation. Some frugal management has entered into the picture. But better days may be near.

It's YOUR Turn to be Heard

## Inside Labor By Victor Riesel

Victor Riesel

**KANSAS CITY:** If anybody asks what's better than money in an election fight—it's manpower. Labor has plenty of both. Labor spent plenty of both in this presidential race.

My estimate has the unions putting out some \$10 million.

This is based on a regional survey, area by area, during which I listed on charts the cost of hundreds of radio and television programs, tons of literature, thousands of floats, trucks and loudspeakers, meeting halls, \$100-a-plate dinners, actual transportation, an advertising airplane, motion picture production, lotteries, hotel bills, specially constructed switchboards and even prize money for extra enthusiasm and the expenditures of citizenship and political education funds.

Of course, this will be a controversial figure. But it adds up, dollar by dollar, as entered it day by day from the mass of official statements, lists of meetings and announcements of the results of money drives such as the machinists Non-Partisan Political League. With its "Hour's Pay to Keep the Depression Away" drive, this unit of the International Association of Machinists raised \$140,745.50.

**THE STEELWORKERS** Political Action fund reported contributions

of \$192,592 to various Democratic committees. The auto workers Committee on Political Education spent \$40,502 in direct contributions and the oil workers spent \$18,398 for Democratic candidates since Sept. 1.

The \$10 million figure could easily be twice that. No one can ever estimate what was spent by tens of thousands of local unions.

These estimates include labor's greatest organizing drive in its political history — the registration offensive. This estimate includes money raised for the Republicans as well.

The millions include the \$5,000 given the labor people here for their registration drive, as well as the teamsters' brotherhood's million. The \$5,000 allotted the Kansas City unions came out of a \$650,000 registration fund raised by the national AFL-CIO.

This money was raised by a five cent per member tax — the first such levy for such a drive in labor's political history.

There was another tax by an other labor force. Jimmy Hoffa, who took Jack Kennedy as a personal insult, had said that his teamsters would be throwing 50 cents a man a month in his union's political war chest. This would have given him more than \$6 million.

**A FEW DAYS** ago, the teamsters leaked the story that they had spent \$1½ million. Add to this statistic the fact that many of Hoffa's 53 going councils spent between \$25,000 and \$50,000 and the figure

almost doubles. And Hoffa himself said \$1,000 came out of his own pocket.

All through this personal adding machine operation I worked on minimum sums. David Dubinsky, leader of both the Ladies Garment Workers Union and the New York Liberal party, estimated that the national labor movement would spend between \$2-3 million.

This did not include the local expenditures I've described. For example, there is the auto union's vast registration drive. This was built on a machine which was turned into a vote getting apparatus.

Let's look at Walter Reuther's aides' activity in northern New Jersey — typical of what happened in other areas.

There for over a month prior to registration, the auto union had some 500 persons — mostly college students — out every night. They were paid \$5 apiece for their door-to-door polling of prospective voters. The cost there alone ran up over \$75,000. That was just one part of one state.

**IN NEW YORK STATE** the AFL-CIO spent \$35,000 for two series of nine and 10 city hookups for Jack Kennedy, Herbert Lehman, Mayor Robert Wagner and others.

In Vermont, there was a \$10,000 expenditure for one congressional candidate's air time.

The Communication Workers of America went on 50 TV stations with two 15 - minute pro-Kennedy and Johnson shows. Estimated cost — upwards of \$60,000.

The AFL-CIO Committee on Political Education has spent \$750,000. And then there is the money raised by Matthew McCloskey of the Democratic National Committee. He, with George Meany's permission has been telephoning national unions in a fairly successful drive to raise \$1½ million for TV shows. There were literally hundreds of broadcasts sponsored by such unions as the steel workers, the auto workers, the garment workers, and state and city labor councils.

Thus, dollar by dollar, broadcast by broadcast, banquet by banquet, rally by rally, it added up to the \$10 million and more.

**Big City Swallowing Mankind**

**By THOMAS R. HENRY**

The big city is swallowing mankind. This development all over the world is stressed in a report just issued by the population reference bureau here.

For eventual good or ill, it is beset by vast problems of adjustment, says Dr. Robert C. Cook, director of the bureau, and is essentially a phenomenon of the present century.

Now, he points out, there are 61 cities in the world with populations of more than a million. In 1900 there were only ten. At present, says the report, "Two persons of every ten live in cities of 20,000 or more population. If the present trend continues—and there is every indication that it will for some time—almost half the world's population will live in cities of that size by 2000 A.D.

Dr. Cook stresses especially the progressive urbanization of the United States.

"The first census," says his report, "was taken in 1790 soon after the Republic was born and reported a population of 3,929,214. Only 5 per cent lived in the 24 urban places of 2,500 or more.

"Urban growth in the United States was stimulated both by the rapid rate of population growth and the accelerating pace of technology.

"The abundance of fertile land could sustain an ever-growing urban population. People married early, had children early, and had many of them.

"In every decade since the first census, with the exception of that of 1870, urban population grew faster than rural.

This picture, Dr. Cook stresses, is quite similar to that of the

## Eisenhower's Stake

By RAYMOND MOLEY

President Fighting to Defend His Record

Whoever wins, an old soldier will retire to the quiet life of an elder statesman come January. But now he is fighting a fierce battle for what he conceives to be his country's security and his own position in history.

Americans might well take note of this and consider the reasons for his concern.

Eisenhower received his commission in the Army in 1915 and resigned in 1952. Except for four years as president of Columbia University, his entire life was spent in the military services.

When, with no little reluctance, he entered political life in 1952, he was laden with all the honors which his military career could have.

It was, no doubt, a difficult choice. He realized what hazards he must face as president, how much undeserved criticism he must suffer and how perilous it would be to lose, like Grant, much of the luster of military success in a verdict of history that he had failed as a president.

**HE ACCEPTED** that risk with becoming humility and devotion. He realized before the first campaign was over how little he knew about the vicissitudes of political life.

Any idea he might have harbored that, like Washington, he might be a president above party squabbles was immediately dissipated by the opposition. Slowly he learned the ways of public but civilian life.

I was glad to have the privilege of meeting and talking with Eisenhower in August, 1952. The most important thing I wanted to know was his attitude toward the issues which he would face if he were elected.

These he discussed with utmost frankness. I also learned something about the man himself and his capacity to bear the responsibility of the presidency without losing his essential humility. For so many in that high office, sur-

rounded as they are by people who want something, have come to the point at which their modesty is overwhelmed by their importance as chief executive.

Dwight Eisenhower has survived that test, perhaps better than any president since Lincoln.

President Eisenhower has given everything he has in labor, devotion and sincerity to the maintenance of stable government at home and resistance to Communism abroad.

**HE HIMSELF** has read the record on both scores. Surely there have been mistakes. But as Thomas Carlyle said: "Granted, the ship comes into harbor with shrouds and tackle damaged; the pilot is blameworthy; he has not been all wise and all powerful but to know how blame worthy; tell us first whether his voyage has been round the globe or only to Ramsgate and the Isle of Dogs."

This mariner's problems were worldwide.

There was war in 1953, and Communism was on the march everywhere. With the Korean conflict ended, a vastly smaller number of the world's population has been lost to communism than in the six years before 1953.

The economy has had its hesitations—it always has to be that way in a free society — but the trend has been sensationally upward.

Despite the absurd charge of Kennedy that the civilian services have been neglected by the Federal government, the Eisenhower budgets have kept inflation to a minimum and have increased the civilian expenditures by more than 100 per cent.

This record is on the line now.

It has been misrepresented, sneered at, and defiled in this campaign. It is small wonder that the President determined to set that record straight.

His indignation is understandable and it is justified.

## The Great Reform

By TRUMAN TWILL

Finally, things got so fouled up the 50 states went together to hire an efficiency outfit to reform the election system.

It wasn't a very big job, as a matter of fact. All the things that needed to be done had been obvious so long the new setup practically made itself.

The big thing was compulsory voting. Every person who had not been denied the right to vote because of conviction for grand larceny, treason, a dishonorable discharge from the armed services, or failure to take out citizenship papers was required to vote or forfeit the \$500 bond that every citizen was required to post upon reaching voting age.

This reform got rid of segregation before you could say Jackie Robinson. It did away forever with voter apathy and violations of civil rights. It gave the one-party cities and states a two-party system at long last.

The next biggest thing was make Election Day a national holiday and simultaneously to change it from Tuesday to Monday, making it the second half of

double holiday. Then to make doubly sure everyone would have a crack at a ballot box, the polls were ordered kept open both days, which was none too long in view of the fact 100 per cent of the electorate would be using them.

The third master-move by the efficiency experts was the universal registration card.

Each qualified elector was given an indestructible certificate of pocketbook size when he made his \$500 franchise bond. Every five years when the bond was reviewed and renewed, the elector was given a fresh card.

Every time he voted, a punch mark was made for that year's election. Thus, no matter where he voted in the United States for president and vice president, his vote could be tabulated. Fraud was impossible.

For local and state contests, the old system was kept in effect — but with a few improvements.

For one thing, the permanent registration card also was put to use or local and state voting. Any one at any time and in any part of a state could vote for a state candidate by producing his card; he did not need to be in his home precinct.

For another thing, it finally was admitted that first things came first. Tabulations for minor offices were deferred until several days after tabulations for major offices. There was no hurry about the local offices.

One more thing. A million-dollar prize, tax-free prepaid, was offered for an electronic vote tabulator, tamper-proof, lightning-fast and easy to use and understood — something that could be transported easily and used for other calculating and tabulating work in the off-season. The prize produced quick results. In no time it had become possible to know within five minutes after the polls closed how everything had turned out.

Once and for all there was an end to primitive tabulating methods that left every close race open to doubt and put elections at the mercy of fast shuffles, double deals and slight-of-hand. The ballot was made not only secret but tamper-proof. The whole process of voting was brought abreast of the electronic age — so far abreast, in fact, that the efficiency experts foresaw the time when electronic hookups would keep running totals of every vote cast on the two-day voting weekend and the outcome of the national election would be known the instant the deadline was reached.

It was worth waiting for — the reform that finally brought the election system up to date.

ANSWERS YOUR PROBLEMS

Dear Readers: I am not prepared to haul out the wet noodle just yet, but I've had so much intelligent opposition to some recent advice, I feel obliged to print the dissenting point of view.

The original letter was from an employee who saw a foreman stealing crates of merchandise from the factory in which he worked. The employee's wife told him to mind his own business and keep his mouth shut. He said he felt disloyal to his boss — knowing what was going on, and not having the courage to report it.

I advised him to "put his mouth up where his principles were." I told him to go to the foreman, let him know he had been seen stealing, and to make it clear if it happened again he'd be reported to the management.

This is what the mail has been like:

## Principles Costly

Dear Ann Landers: I used to believe in high principles, too, but they are too costly for working people.

I was employed in a department store. I knew a certain woman was stealing — first small items, then larger ones. She reported them as "shoplifted." I told her if she didn't stop I would go to the boss.

She went to the boss first and reported me as a trouble-maker with a wild imagination. In fact she made me sound like a nut.

As a result I was demoted. She is now the boss' assistant. At my age I can't change jobs and start over. So I just play deaf, dumb and blind, and anyone who wants to back up a truck and empty the store can do it, for all I care.—ZYX.

Dear Ann: I go along with you 99 per cent of the time but on that foreman letter you goofed.

Do you know what a foreman can do to an employee? I do, because it happened to me. My foreman was stealing wallets and jewelry and I caught him red handed. I told him to give back the stuff or else. He said, "You didn't see anything, Bud!"

The next week I had all the dirty jobs in the plant. Two weeks later I got a notice from upstairs that my work was in-

ferior, and one month later I was canned.—LITTLE JOYE

## Boss In On Steal

Dear Ann: Sorry I don't agree that the man who witnessed stealing should inform the fellow that if he doesn't stop it he'll tell. Smart guys keep their traps shut. Heroism is for jerks. Listen to MY story:

I worked in a large office handling cash deposits. I became aware that one fellow was not putting through slips on all the money he was taking in. I was sure he was pocketing about \$50 a day.

I went to the boss. The boss really told me off.

He said all HIS employees were honest. The next week I found out what the racket really was. This employee was holding out cash every day and GIVING IT TO THE BOSS.

In this way the boss didn't have to report it as income and therefore did not pay taxes on it. Of course the employee came in for a small split.

I've decided there are so many lousy crooks in this world that an honest guy is a freak.—SMARTER NOW.

## The Wiser Course

Dear Ann: The wisest thing for an employee to do when he catches a fellow worker stealing is not to tell the thief — but to inform

management, so a check can be put on him. Then when the thief is caught, he's caught by management and no one else need be involved.—MR. D.

Dear Mr. D.: I am inclined to agree that your advice is better than mine. I yield to your more practical and realistic point of view. Thank you.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

## YWCA Foreign Division Staff Member Plans Salem Visit

Miss Doris Boss, member of the Foreign Division staff of the National Board of YWCA of the United States will visit Salem Wednesday, speaking at two events.

Miss Bos will address the Y-Teen at 3:45 p.m. in the "Y," where she will be guest of honor at a covered dinner at 6:30 p.m. to which all members and friends are invited. After the dinner, Miss Boss will speak of her work in Lebanon.

Home on furlough from her current assignment as advisory secretary to the YWCA in Lebanon, Miss Boss is visiting YWCAs at various points in the United States to help promote the organization's world fellowship program.

The National YWCA of Lebanon offers its program in a number of villages where previously there was no community centered activity. The program includes citizenship training, home making with special attention to improved feeding, recreation, among other projects.

The YWCA is used regularly by UNRRA as the center for training a selected group of young women refugees in clerical procedures and also is recognized as one of camping program available for girls at all age levels.

Membership in the YWCA of Lebanon numbers close to 8,000 with 120 volunteers serving on boards and committees in the Beirut Association, according to Miss Boss.

After long and exhausting efforts the Association has been able to purchase a most desirable site for a new YWCA. Currently, staff and volunteers are working together to

Miss Doris Boss

raise the money for the building itself according to Miss Boss.

Miss Boss has spent most of her time as an advisory secretary for the Foreign Division of the YWCA of the United States in Lebanon and Syria. Her first appointment was in 1940. She served through 1947, then from 1948 to 1953, she was American consultant of the National YWCA in Japan. She returned to Lebanon in 1954 and expects to go back again early in December of this year to continue her affiliation with the YWCA of that country.

Before joining the Foreign Division staff, Miss Boss spent some 14 years with local YWCAs in various parts of the United States, first as associate executive, then as executive director, with a year off for voluntary work with the YWCAs in Estonia and Latvia. She began her professional career as a supervisor of home economics in the city schools of Wausau, Wis.

Miss Boss, whose home is in Sparta, Wis., obtained her Bachelor of Science degree in home economics from State College in Menominee, Wis., and then attended New York Theological Seminary in New York City.

## English-Stallsmith Vows Heard In Alliance Church

The marriage of Miss Saundra English and Eugene Stallsmith took place Saturday at 7:30 p.m. in the First Methodist Church of Alliance.

The bride is a daughter of Mrs. Gertrude English, of Alliance, and James English of Sacramento, Calif. The bridegroom is a son of Mr. and Mrs. Paul Stallsmith of Ellsworth Road.

White chrysanthemums and

Mrs. Eugene Stallsmith

greenery decorated the altar. Rev. Norman Parr officiated at the double ring ceremony, and Mrs. Marvin Polen presided at the organ for the nuptial music. Robert Austin gave his niece in marriage.

The bride chose a silver beige light weight wool sheath with three-quarter length sleeves. She wore a velvet headpiece with pearl

rosette trim and a white circular face veil. Her wedding corsage was fashioned of white roses.

Miss Joan Egan of Alliance was maid of honor. She wore a toast colored knit sheath with beige accessories and a corsage of yellow chrysanthemums.

Myron Stallsmith of Poland was his brother's best man. Lowell Hoffmaster of Salem and Thomas Pauley of Boardman ushered.

Mrs. English and Mrs. Stallsmith both chose mint green brocade sheaths which they complemented with corsages of white carnations.

A reception was held at the home of Mr. and Mrs. John Weaver of Alliance. The refreshment table was laid with a white cloth overlaid with turquoise netting, scalloped at the edge. The three-tiered wedding cake, topped with a bride and bridegroom ornament, was placed in a garland of ivy and pink carnations.

Nancy Summers cut the cake. Pat Eyer, Karen Wallenbaugh and Carol Anderson assisted in serving.

Sharlene Dye presided at the gift table, and Miss Saundra Patterson registered the 100 guests from Salem, Youngstown, Hudson, Boardman, Austintown, Alliance and Poland.

The bride is a graduate of Alliance High School, Class of 1959. She is assistant cashier at City Loan in Alliance. Mr. Stallsmith, a graduate of Goshen High School, Class of 1955, attended Ohio University two years and is now attending Youngstown University. He is employed by the Silver Mfg. Co.

For her going away ensemble, the bride chose a two piece orchid wool suit with black accessories, and she wore her wedding corsage.

The bridegroom's parents were hosts at the rehearsal party at Polinori's in Alliance.

The newlyweds will reside at 418 W. Cambridge St., Alliance.

**Baptist Women Plan Supper on Saturday**

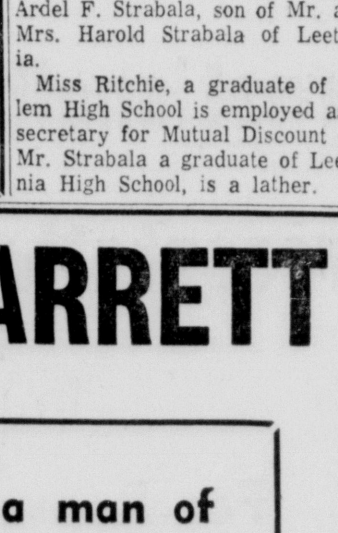

The Women's Missionary Society of the First Baptist Church will hold its annual bazaar and kraut supper Saturday evening.

The bazaar will begin at 11 with supper being served hourly from 5:15 through 7:15 p.m. The Linnea Nelson Circle is in charge of the apron and fancy work booth, while the baked goods booth is under the supervision of the Tillie Burke Circle.

The Business and Professional Women's Circles and the Ruth Mather Circle are in charge of the country store and white elephant booth, respectively.

June Bennett and Martha Park are in charge of the tickets.

**Engagement Announced**

Miss Shirley Ann Ritchie

Mrs. Margaret Ritchie of 282 W. 2nd St. and Lester Dale Ritchie of Alliance announce the engagement of their daughter, Shirley Ann, to Ardel F. Strabala, son of Mr. and Mrs. Harold Strabala of Leetonia.

Miss Ritchie, a graduate of Salem High School is employed as a secretary for Mutual Discount Co. Mr. Strabala a graduate of Leetonia High School, is a lather.

## Tenor Opens Concerts Here This Evening

The first concert of the 14th annual series of Community Concerts sponsored by the Northern Columbiana County Association brings to the Salem Junior High School auditorium this evening Charles K. L. Davis.

This young tenor has been marked as the fastest rising star in the ranks of the bel canto tenors. Winner of the 1958 Metropolitan Opera Auditions of the Air, he has scored importantly in opera, concert, television, recordings, summer festivals and even supper clubs.

He sang with Rise Stevens when Ed Sullivan took a special troupe to Russia in the summer of 1959.

After singing 15 sold-out performances of "La Boheme" with the Boston Opera last winter, Davis was re-engaged by that group for their tour of Offenbach's "Voyage to the Moon."

Curtain time tonight is 8:30. On Nov. 13 the Alliance association will present Richard Ellsasser, organist, at the Alliance High School at 4 p.m. open to members of the local concert association.

## THE PUBLIC IS ENTITLED TO ASK What Record, Mr. Prosecutor?

The present Republican Prosecuting Attorney is asking to be returned to office on his record of "VIGOROUS AND EFFECTIVE Prosecution of Criminal Cases."

Do you regard the prosecution of the 1956 Police Cases of East Liverpool VIGOROUS AND EFFECTIVE?

In 1956, five policemen and two special officers were indicted by the grand jury, charged in various indictments with burglarizing Burdicks Hardware; Winland Lumber Company; Smith & Phillips Store; Pearl China Company; Berman Lumber Company; Duquesne Distributing Company; J. C. Penney Store and the American Legion Post No. 4.

Now four years later only one defendant has served any time in prison.

One Policeman pleaded guilty to the indictments Charging him with seven (7) different burglaries and later confessed to participating in many more burglaries.

Now four years later this ex-policeman still has not been sentenced or served a day in prison. WHY?

The public is entitled to ask, "Is the present Republican Prosecutor shielding this ex-police criminal?"

Several of these defendants have appealed to higher courts asking that the charges be dismissed on the grounds that THE PRESENT PROSECUTOR FAILED TO BRING THESE CASES TO TRIAL WITHIN 3 TERMS OF COURT.

**"Is This Vigorous and Effective Prosecution?"**

The public is entitled to know if these policemen are guilty or innocent. If Guilty, they should be Convicted and Sentenced. If Innocent, their names should be Cleared and Exonerated.

A Prosecuting Attorney is charged with seeing that a defendant charged with a crime is given a fair and speedy trial.

**THERE ARE MANY CRIMINAL CASES: TAKEN FROM THE RECORDS OF THE CLERK OF COURTS, WHICH HAVE NOT BEEN PROSECUTED TO FINAL DISPOSITION?**

In addition to these cases, the records reveal many indictments charging defendants with "Failure to Provide for Their Minor Children." These cases should be prosecuted vigorously?

The records in the Clerk of Courts' Office are open to the public for your inspection.

**"Is This Vigorous and Effective Prosecution?"**

IT'S TIME FOR A CHANGE!!!

# IKE SAID IT!

RICHARD M. NIXON FOR PRESIDENT

HENRY CABOT LODGE FOR VICE PRESIDENT

## ON OCTOBER 28, 1960, PRESIDENT EISENHOWER SAID:

"America must continue to go forward—with maturity, with judgment, with balance. I see no sense in America galloping in reverse to what has been called a new frontier.

"My friends, anyone who seeks to grasp the reins of world leadership should not spend all his time wringing his hands.

"We need a leader who will not, one day, say that the United States Government should intervene in Cuba and then retract it the next day.

"We need a leader who will not, one day, say he would give up territory to the Communists, then change his mind on it a day or so later.

"Because, my friends, upon such decisions can hinge peace or war.

"This is why we must not settle for leadership other than the very best. We cannot afford anything less.

"And clearly the best is the team of Nixon and Lodge."

Youths Admit Thefts

LISBON — Five East Palestine and Negley area youths picked up Sunday by Columbiana County deputies have admitted a series of thefts.

The three East Palestine boys aged 17, 16, and 14, confessed taking tools from the Sunnyside Coal Co. near Unity and gasoline, tires, wheels and anti-freeze from various establishments. They also admitted taking tools from the Red Dog Pit on the Ohio-Pennsylvania line.

The youths are expected to get a hearing today before Judge Louis Tobin, deputies said.

The two Negley area youths, 13 and 14, also are expected to have a hearing today before Judge Tobin. They admitted breaking into the Raymond Jewel Gas Station in Negley Oct. 2, taking ammunition, money, cigarettes, candy and gum. They broke a rear window to gain entrance.

Salem Driver Fined On Three Charges

A Salem man was fined on three charges Saturday in the Mayor's Court.

Fined \$150 and costs and sentenced to three days in city jail for driving while intoxicated was Richard F. Enders, 27, of RD 3.

Enders was also assessed \$25 and costs for leaving the scene of an accident and \$10 and costs for driving left of center.

Sara T. Colman, 61, of 938 Prospect St., was fined \$10 and costs for failure to yield the right of way.

Four persons were fined in cases heard Sunday by the Mayor. Fined \$10 and costs for failing to stop within the assured clear distance were Donna M. Bischoff, 22, of Warren, Doris M. Froehlich, 32, of Willoughby John W. Willis 24, of Cleveland and John Bartholow, 21, of RD 3.

Leo G. Slife, 26, of Warren, forfeited \$72 bond on an overload charge in a State Patrol case.

## Lisbon Social Notes

A call for used toys has been made for the second year by the Lisbon volunteer fire department which will repair and repaint the toys for needy children at Christmas.

Last year's project was successful. Girl Scouts dressed repaired doll and returned them to the firemen. Firemen delivered some of the toys, but most were distributed through the welfare department.

Firemen say they hope to receive a supply of toys as soon as possible so there will be time to work on them. Their work shop is in the village building where they meet. However, residents with toys to donate may call HA4-7049 or HA4-7847 for pickup service.

There will be a Christmas fair and a public luncheon in the Masonic Temple Nov. 22. The sale of

Christmas items will begin at 9:30 a.m. and will include door decorations, wreaths and other items.

The luncheon will consist of soup, sandwiches and dessert, and serving will begin at 11:30 a.m. Sacred music was the topic for the meeting of the Lisbon Music Study Club Friday night at the home of Miss Camille Firestone of S. Beaver St.

Miss Lois Armstrong presented a paper on the subject from the time of the composer Palestrino down to the present day.

Mrs. Ted Greener played a piano prelude by Johann Sebastian Bach. Hymns composed by Mozart, Hayden, Handel, Brahms and Lowell Mason were sung as solos by Mrs. Don Smith and as duets by Mrs. Raymond Marlat and Mrs. George Nulf. They also sang as

a duet "He Shall Feed His Flock" from the Messiah by Handel.

Mrs. Elizabeth Duke presented a piano solo, the Pastorale, also from the Messiah.

The hymn of the month as chosen by the federation, "Praise Ye the Lord" by Neander was sung by Mrs. Smith, and the program closed with the choral group, with Mrs. D. H. Hepburn as conductor, singing "He is Watching over Israel" from the Oratorio Elijah by Mendelssohn.

The club will meet Dec. 2 with Mrs. Don Lewis of E. Lincoln Way.

Trophies at 500 were won by Mrs. Larry Glenn, Mrs. Robert Hahn and Mrs. Richard Gween when Mrs. Cecil McCowin entertained members of the Cardette Club at her home Friday night in Rogers.

Mrs. Robert Mix will receive the group Nov. 18.

Mr. and Mrs. G. E. Walker of E. Lincoln Way returned home Friday evening after spending the past week in the homes of their sons Robert and David at Geneva. They were accompanied home by their grandson, John, who will visit here.

## HOW LONG CAN COLUMBIANA COUNTY AFFORD DEMOCRATIC CONTROL OF THE COURT HOUSE?

**1** Expenditures from the county general fund during 1959, under Democrat control, were \$190,105.98 MORE THAN THEY WERE IN 1958 when the Republican Party was in charge of this fund! The Democrats spent this much more than the Republicans.

**2** Expenditures from the county general fund in 1959, under Democrat control, exceeded receipts by \$202,755.28! If this practice continues, the inevitable result will be an increase in YOUR REAL ESTATE TAXES, in addition to the increase from the current re-appraisal.

## Several Precautions Should Be Followed In Floor Installation

Among the few home building and improvement projects that have escaped large-scale invasion by the enthusiastic army of do-it-

yourselves is the installation of oak floors. There's a reason.

Laying floors of beautiful oak or other attractive hardwood so that they will render the lifetime of trouble-free service expected requires more skill than the average weekend carpenter can muster, says Henry H. Willins, executive vice-president of the National Oak

Flooring Manufacturers' Association.

EVEN THE MOST inexperienced householder, however, can become a "know-it-yourselfer," Willins adds. He defines a "know-it-yourselfer" as a fellow who familiarizes himself with the fundamentals of good installation practice. While not sufficiently adept at working with wood to do the job himself, the "know-it-yourselfer" is in a position to see that proper procedures are followed.

For him, Willins offers these tips:

In conventional joist construction use subflooring composed of kiln-dried, square-edge boards 1-inch thick. They may be of N. 1 or No. 2 Common grade lumber and of any coniferous species ordinarily employed for subflooring.

**SPECIFY USE OF BOARDS** 4 inches or 6 inches wide. Unlike wider boards, their normal swelling and shrinking are not likely to be out of proportion to that of the finish flooring. The boards should be face nailed solidly at each bearing point with two 10d nails.

Should it be necessary to employ 8-inch boards instead, stipulate that they be fastened to the joists with three 10d nails at each bearing point. If only 10-inch boards are available, see that they are secured by four 10d nails at every bearing point.

All butt joints of subflooring should rest on bearings, and the boards should be spaced about one-fourth inch apart.

**INSIST THAT APPROVED** nailing schedules be observed in fastening the finish flooring. Strip oak flooring of 25-32-inch thickness and 24-inch width, for example, should receive one 7d or 8d nail every 10 to 12 inches.

All plaster and cement work in the house should be dry before the oak flooring is installed. Especially in winter construction, have the flooring piled loosely inside the house at least four days before it's laid, with a constant temperature of about 70 degrees maintained in the house.

## The Doctor Says

By Dr. H. T. HYMAN

### Tranquilizers And The Traffic Toll

Recent studies suggest there is a direct relationship between the mounting incidence of traffic accidents and the increasing use of tranquilizers.

Here are some of the facts you might want to consider before you draw any general conclusion or decide on the safe and proper course you should pursue in the conduct of your own affairs:

**Dr. H. T. Hyman** adds. Since some of these produced multiple fatalities, their death toll added up to 36,981 persons.

In 1958 there were also 900,000 nonfatal auto accidents in which 1,350,000 persons suffered in jury. While most of the injured made complete recoveries, the National Safety Council estimates that about 100,000 were left with "some degree of permanent impairment."

In 1959 the death toll rose to 37,800 or an increase of about 2 per cent over the previous year.

In 1959, the National Prescription Audit indicated that Americans spent just under 100 million dollars for tranquilizers sold to patients by doctors' orders.

**ESTIMATES SUGGEST** that the total number of Americans who took tranquilizers in 1959 was in excess of 10 million over 5 per cent) and may have been in excess of 20 million (approximately one person in seven).

In a 90-day period, as reported by Dr. Neville Murray in the Journal of the American Medical Assn., 68 drivers taking a recently introduced tranquilizer in average doses were involved in 10 minor and 6 major road accidents. This represents "a tenfold increase" on projected statistics provided by the highway department (San Antonio, Tex.).

Reporting in the same journal, a team of investigators from Madison, Ind., consisting of a psychologist, two physicians and a state police sergeant, describe the results observed when 22 healthy volunteers were subjected to a battery of tests after having been

given sham medication placebo; normal doses of tranquilizers; an alcoholic drink in a dose that was not sufficient to raise the blood alcohol content to a level regarded as contributory or dangerous by U.S. courts, and a combination of tranquilizer and alcohol drink.

In tomorrow's column I'll tell you about some of the observations made by the Texas and Indiana investigators.)

### GIRL DIES SUDDENLY

**CLEVELAND (AP)** — Juanita Martinez, 11, daughter of Dr. and Mrs. Horacio V. Martinez of Cleveland Heights, died Sunday as she and her mother were dashing up stairs in a downtown movie theater. Police said she may have suffered a heart attack.

Mrs. Martinez said Juanita collapsed on the carpeted stairway as they neared the mezzanine. The mother attempted mouth-to-mouth resuscitation and police gave the child oxygen. The girl was pronounced dead at St. Vincent Charity Hospital.

## Record Ohio Vote Forecast

4.1 Million Persons Expected to Ballot

**COLUMBUS, Ohio (AP)** — Ohio's vital 25 electoral votes hung in the balance today as victory forecasts in Tuesday's presidential balloting came from both Republican and Democratic camps.

The decisive factor to tip the scale may well be wrapped up in a predicted record Ohio vote of 4.1 million. The record 3.7 million vote was cast in the 1956 Eisenhower-Stevenson presidential race.

If the new record is set as predicted by Secretary of State Ted W. Brown, will these added votes be cast for the Republican candidate, Vice President Richard M. Nixon, or Sen. John F. Kennedy, the Democratic standard-bearer?

The answer has been complicated in Ohio — as elsewhere — by so many imponderable factors including religion and personalities of the candidates that most objective political observers are puzzled.

Nixon — by a landslide, Kennedy — by a landslide, either candidate by small or moderate margins — all these predictions were available in Ohio today. It depended upon where you looked for them. There have been many local but no comprehensive statewide polls which would give a really good clue.

If local polls showed anything, it was that normally Democratic polling places probably will remain Democratic, and Republican polling places Republican — with this difference: Should Nixon win, it certainly won't be near the 823,000-vote margin given President Eisenhower in 1956.

To the discerning observer, the Democrats in Ohio have appeared more confident, aside from the whistling-in-the-dark statements from both headquarters. That Republicans were worried was made evident by President Eisenhower's campaign trip to Cleveland in Nixon's behalf last Friday.

Until recently, Democratic Chairman William L. Coleman was predicting Kennedy would carry Ohio by 250,000 votes, in his pre-election statement on the weekend, he said "Kennedy will carry Ohio by a vote of somewhere between 100,000 and 200,000."

And six days before the election date, those puzzled, objective political observers finally came to the conclusion that the way things added up, Kennedy might carry Ohio by 75,000 to 100,000 votes.

Key to that belief lay in heavily Democratic Cleveland — Cuyahoga County, Ohio's greatest metropolitan area, and in some other industrialized, Democratic — slated metropolitan areas.

Ray Bliss, Republican state chairman, has been more conservative throughout, saying only that Nixon "will carry Ohio by a comfortable margin." Over the weekend, however, possibly due to the effect they believed the Eisenhower visit to Cleveland may have had, Republican smiles were broader.

Today, campaign activities of both parties centered mostly on putting pressure on workers to "get your people to the polls."

The presidential election far overshadowed other election interests in Ohio, where there is only one statewide political contest this year — for state auditor. Other state officials are in the middle of four-year terms.

# Record Crowd Sees Giants Overpower Browns, 17-13

## Stout New York Defense Limits Cleveland to 6 Yards Rushing

82,872 Watch Mitchell, Plum, Brown Fumble in Key Situations

By FRITZ HOWELL  
Associated Press Sports Writer  
CLEVELAND (AP) — The National Football League's best passer and two best runners knew today they were helpless without adequate help from the men up front.

The New York Giants beat the

Cleveland Browns for the sixth straight time Sunday, 17-13, with a superlative defense which thwarted the efforts of Milt Plum, the loop's No. 1 passer, Jim Brown, the leading ground gainer, and speedy Bobby Mitchell, who had the next-best average per run.

A crowd of 82,872, largest ever to watch the Browns in action here, sat in snow-covered frozen awe as the three-pronged Cleveland attack was held to a total of 95 yards—89 through the air and 6 rushing.

The Browns used Sam Baker's trusty toe for field goals of 21 and 22 yards, and converted a Giant fumble into a four-play 13-yard touchdown drive, but the Giants held away the rest of the time.

The New Yorkers, with veteran Chuck Conerly at the controls after a two-game absence with an injured right elbow, gained 209 yards rushing and 105 overhead, and were knocking at the touchdown door as the game ended.

They put together touchdown drives of 55 and 80 yards to come from behind twice, and added a 15-yard field goal by Pat Summerall—his lone success in four tries.

**Fumbles Hurt Browns**  
Plum, Mitchell and Brown, the glue-fingered members of the Brown offensive corps, each fumbled the ball away in crucial spots. Mitchell and Brown fumbled the first time they had their hands on the ball, and Plum gave it up for an 18-yard loss after the Browns, behind 17-13, had driven to the Giant 13 in the final quarter.

The loss, Cleveland's second in six games, shoved the Browns into the third spot in the NFL's Eastern Conference. Coach Paul Brown, calm despite the setback after his team had been installed as nine-point favorites, said:

"We're certainly not in good position, with New York and Philadelphia ahead of us and only six games to go. The Giants deserved to win, for they were too strong in the line for us, both on offense and defense. That was the big difference."

"The wet field and the slippery ball nullified our speed and passing, but that's all part of football. You have to play under a conditions, ad we have no excuses."

Jim Lee Howell, the Giant mentor, observed:

"This is the first time this year that brute strength has won for us. Our big boys were just strong to play rock-em sock-em ball against the Browns, for they are the best."

"This is a pitcher's league, but we don't have our pitcher in shape yet. Conerly hit only 6 of 18, but he got the key ones. Our guys go well when Conerly is in there, for he's always thinking."

"We still have two games to go with Philadelphia, and we always have a tough time with them. But the St. Louis Cardinals are coming on strong too, and Cleveland must play them twice. It looks like a real tight race."

**Renfro Drops 2 Passes**  
Freezing fingers played a big part in the Browns' loss. Twice in the third period Ray Renfro was all alone in front of pass defenders when perfectly-thrown tosses trickled from his hands.

The lone Brown touchdown came on a fourth-down picture play from the 6. Plum faked a handoff to Brown going into the middle, faked another to Mitchell going wide, then leaped into the air and passed to Renfro who had cut from the flanking position to between the goal posts.

Mel Triplett, tagged by Coach Brown as "the guy who always plays his heart out against us," was the big ground gainer for New York. He rushed 137 yards in 25 tries. Jim Brown had 29 in 11, Mitchell 14 in 9 for the Browns—but Plum lost 37. The latter completed 13 of 25 passes for a net of 89 yards, and kept his season's "no interceptions" record clean.

## Mickey Thompson Injured as Boat Crashes in Race

LAS VEGAS, Nev. (AP)—Race Driver Mickey Thompson suffered a compression fracture of a vertebra—paralyzing his legs—as he sped across Lake Mead at 175 M.P.H.

His 1,000-H.P. hydroplane, Challenger, bounced into the air when it hit a wave Sunday during a demonstration drag race at preliminaries to next weekend's Gold Cup races.

Thompson bounced high in the seat, holding on to the wheel, and was coming down when the boat hit another wave and bounced up. (Hydroplane racers don't use safety belts.)

Thompson, holder of the U.S. land speed mark of 363.67 M.P.H., couldn't operate his foot throttle because his legs were paralyzed. He used a hand-throttle to get the big racer to shore.

## Colleges With Perfect Grid States Cut to 25

By The Associated Press  
The list of the nation's unbeaten-untied college football teams was reduced to 25 over the week-end with only five major eleven still on the select list.

The defeat of Navy by Duke and the downfall of Iowa at the hands of Minnesota left Missouri, Utah State, Minnesota, Yale and New Mexico State as the only major teams with perfect slates. Missouri and Utah State have won eight games each, Minnesota, Yale and New Mexico State seven.

## Log Jam Created At Top in NFL Divisions

By MIKE RATHET  
Associated Press Sports Writer

The massive log jam that has created a three-team joust for solid footing in each division of the National Football League showed no signs of cracking today despite Philadelphia's continued success and Baltimore's return to form.

Three key tests of strength that attracted huge crowds Sunday left the Eagles with a slight edge over New York and Cleveland in the Eastern Conference while Baltimore pulled in front of Green Bay and idle Chicago in the Western sector.

Philadelphia knocked off Pittsburgh 34-7 before 58,324 home fans as Norm Van Brocklin pitched three scoring aeriels to Tommy McDonald for the victory that broke a tie for the top spot with Cleveland.

The Browns bowed to the Giants 17-13 in Cleveland before a

record home throng of 82,872 and dropped into third place with a 4-2 record. The Eagles, seeking their first title since 1949, are 5-1 with the defending Giants at 4-1-1.

At Baltimore, 57,808 watched reliable Johnny Unitas put on a four touchdown passing performance for a 38-24 triumph over the Packers and boost the two-time NFL champion Colts back into the lead with a 5-2 mark.

Green Bay fell into second place with a 4-2 slate while the Bears stayed in contention at 3-2-1.

In other games, St. Louis smashed Washington 44-7, Detroit blanked San Francisco 24-0 and Los Angeles beat Dallas 38-13.

Van Brocklin, in his 12th and probably last season of pro competition, hit McDonald with 24, 39 and 26-yard touchdown strikes for the Eagles while completing 19 of 30 passes for 295 yards. Bobby Walston kicked two field goals and Billy Barnes went nine yards for another TD. The lone Pittsburgh (2-4-1) touchdown came on a 50-yard heave from Tom Tracy to Buddy Dial in the final quarter.

The Giants beat the Browns by limiting their vaunted ground game to a net gain of six yards with twin terrors Jimmy Brown and Bobby Mitchell getting only 43 yards in 20 tries.

Unitas flipped a 16-yard touchdown pass to Ray Berry with 3:49 left and snapped a 24-24 tie that gave the Colts their triumph over Green Bay, which stayed in contention on Paul Hornung's 18-point output.

St. Louis (4-3) made it three in a row as John Crow scored on runs of 45 and 30 yards and John Roach connected with Sonny Randle on touchdown pass plays of 14, 7 and 3 yards. The Cards checked the Washington (1-3-2) offense except in the third quarter when Dick James carried over from the 3 for a Redskin touchdown.

Winless Dallas (0-7) took an early lead on the first of Fred Cone's two field goals, but a 61-yard touchdown pitch from Frank Ryan to Jim Phillips put the Rams (2-4-1) ahead to stay.

Jim Ninowski opened the scoring for Detroit (2-4) by throwing a 55-yard touchdown aerial to Dan Lewis late in the second quarter. He then set up a Jim Martin field goal wit ha 63-yard heave to Gail Cogdill as San Francisco (3-4) was shut out for the first time since 1955.

## To Serve 12th Term Herman Re-Elected President Of Junior Baseball Program

John Herman Jr., has been re-elected president of the Salem Junior Baseball Leagues for 1961 and will be serving his 12th year in that capacity.

Other officers elected are Vice President George Daily, Sr., (1st year), Treasurer Robert Whitehill (9th year) and Executive Secretary Glenn Whitehill (2nd year).

Team manager voted to continue the present draft system for determining to what teams the players will be assigned. They also voted unanimously to support the Salem parks levy which will be on the ballot in tomorrow's election.

The Leagues voted to enter into an agreement with the Grennen Baking Co. under which players in the Salem Junior Baseball Leagues will sell fruit cakes with a share of the proceeds going to the Leagues.

Herman also announced that a women's auxiliary, known as the Mothers Club, will be formed as a part of the Junior Baseball Leagues at a future date.

## Houston Whips Denver, 45-25

Dallas Trips Buffalo In Other AFL Action

By WHITNEY MARTIN N  
Associated Press Sports Writer

The respective leaders of the two divisions of the American Football League meet next Sunday in what promises to be the highlight game of the day.

Houston, which is dominating the Eastern Division with a 6-2 record, takes on Los Angeles (5-3) at Los Angeles, and the Oilers loom as favorites because of their consistently strong offense that has rolled up a total of 246 points. Los Angeles has a slight edge in defense, yielding only 162 points in its eight games.

Houston gave another impressive demonstration of its power Sunday when it defeated Denver 45-25, thanks to the passing of George Blanda and the running of Billy Cannon and Dave Smith.

Blanda threw four touchdown passes as the Oilers completed 17 of 34 for 256 yards.

Frank Tripucka, Bronco quarterback, threw three touchdown passes, but his team couldn't match the ground attack of the Oilers in the second half. The Houston margin at the half was only 17-15.

Dallas edged back into contention in the Western Division with a convincing 45-28 victory over the Buffalo Bills. The Texans blew the game wide open in the third period with three touchdowns.

The running of Abner Haynes and the passing of Cotton Davidson highlighted the Texans' attack. Haynes scored three touchdowns, two of them on passes from Davidson. Tommy O'Connell sparked the Bills' belated fourth-period rally which brought two touchdowns.

Those were the only two AFL games played Sunday. Last Friday Los Angeles defeated New York 21-7 and Boston edged Oakland 34-28.

## Lowellville Cops Inter-County Title

The Lowellville Rockets, who haven't lost a football game in two years, wrapped up the Inter-County League title Saturday by trampling host North Lima, 46-8.

A five-yard pass from Day to Reed accounted for North Lima's only touchdown. It came in the third quarter. The same combination clicked for the extra points.

North Lima closed with a 5-4 overall mark and 3-2 in the circuit. The Rockets chalked up eight straight wins, including five in league play. The touchdown by North Lima was only the second scored against Lowellville all season.

## Turnpike Champs Rip Elyria Catholic, 24-8

Warren St. Mary's who last week wrapped up the Turnpike Conference championship, closed its season Sunday by trouncing Elyria Catholic, 24-8.

St. Mary's wound up with a 7-2 record, including four straight wins in conference play. They were the only team to defeat West Branch this year.

## East Canton to Meet Warriors Here Saturday

## Wilson Paces West Branch In 42-6 Rout of Canfield

By BOB JULIAN

A steady rain, a muddy field and a spirited Canfield Cardinal football team could not stop the steam roller offense of the West Branch Warriors Saturday afternoon as Coach Ralph Zurbrugg's aggregation sloshed and splashed to a convincing, 42-6 win over the Cardinals on Canfield.

The win gives West Branch undisputed possession of second place in the Turnpike Conference. West Branch racked up its eighth victory in nine starts and took its third tilt in four outings in Turnpike Conference competition. The Warriors finished behind Warren St. Mary, the only team to defeat them, St. Mary copped five straight wins.

The losing Cardinals suffered their second loss in four conference starts and stand 4-4-1 overall. Quarterback Chuck Wilson paced the Warriors to victory as he raced for three touchdowns and gained 132 yards in 11 carries. Frank McDaniel added two six pointers and 97 yards in six attempts to aid the Warrior cause.

WEST BRANCH RECEIVED the opening kickoff and the vaunted Warrior offense spluttered after four plays. The Warriors punted to Canfield and the Cardinal with their big fullback Bill Alcott carrying the pigskin nine times moved from their own 42 yard line to the West Branch 12 where Tom Thurber stopped Alcott on a fourth and four situation.

The Warriors took over with 4:55 left. Joe Meissner toted the ball twice before the quarter ended for 51 yards. As the period closed the Warriors were on Canfield's 37 and the score 0-0.

West Branch went the final 37 yards in four plays with Meissner racing three yards to pay dirt. Meissner ran the extra points and West Branch led 8-0 with 10:45 remaining.

Canfield's Bill Hesman took the kickoff after the score and danced his way through the Warrior defense for 76 yards before he was hauled down by Walt Greenamyre on the West Branch nine yard line.

IN THREE PLAYS Alcott plunged over from the one. The extra point try failed and with 10:00 left the Warriors led 8-6.

After the Canfield score the game was dominated by West Branch. Six plays after West Branch received the kickoff, McDaniel scampered 53 yards to score. Clyde Bjorkman threw the key block to spring him loose. The final Warrior score of the second period came on a 32-yard jaunt by Wilson, one minute after McDaniel scored.

The Warriors took a 20-6 margin into the dressing room at half-time. After Canfield could not get a

drive going at the start of the third period the Warriors got their hands on the ball again and with 8:40 left McDaniel had his \$second score as he raced 25 yards to the middle to give West Branch a 26-6 margin going into the final quarter.

The third period ended with the Warriors on Canfield's four yard line. Before the period was a minute old the Warriors had another score as Wilson punched over from the two. McDaniel ran the two points to give West Branch a 34-6 lead.

With 4:15 remaining in the game Wilson climaxed a 50 yard drive by going around right end for a 27 yard score behind a nice block by Tom Baxter. Baxter ran the extra point to give the Warriors the ball game, 42-6.

THE RAIN AND MUD did not seem to bother the Warrior ground offense. However, Wilson's talented passing arm took to the air only twice and failed to connect. The Warriors proved that even without an aerial game they have a potent offensive machine.

The Cardinals, who were a serious threat for the conference title, have been hampered by a series of injuries. Thirteen key performers were sitting on the side lines. During the course of the game two more gridders, including fullback Alcott, were laid up.

West Branch's offensive and defensive lines deserves credit for outstanding play. The play of the Bjorkman's, Tom Griffiths, Tom Eddy, Gary Birkhimer, Larry Stoffer, Walt Greenamyre and Gary Baker along with many others opened the holes the backs needed

and stopped the threats of the Cardinals.

Next Saturday West Branch will close its season by tangling with East Canton at Salem.

Canfield travels to Poland for a Saturday encounter to close its season.

OSU Plays at Iowa

Ohio's Collegiate Gridders Billed For Crucial Battles Saturday

COLUMBUS, (AP)—The entire 1960 football season could be wrapped up in this weekend's games for some of Ohio's collegiate title aspirants.

The big games on the championship front are:

Ohio State at Iowa: The Buckeyes, fresh from a 36-7 massacre of Indiana, are 3-1 in the Big Ten. Iowa, No. 1 in the country until bumped 27-10 by Minnesota, is 4-1 and on the rebound. Second place in the league, and possibly a tie for the top, is at stake. Iowa won 16-7 last year.

Ohio University at Bowling Green: The Bobcats, No. 1 among the nation's smaller colleges, and the defending champion Falcons are tied at 5-0 in the Mid-American. Everything rides on this one, and it could be a dilly.

Wooster at Muskingum: Wooster, defending co-champion of the sprawling Ohio Conference, is 4-2 in the loop after losing 11-3 to Ohio Wesleyan Saturday. Muskingum is 5-0. Anything could happen.

Ohio Wesleyan at Wittenberg: Wesleyan is deadlocked with Muskingum for the Ohio Conference lead at 5-0. Wittenberg is 4-1. This is always a bitter fight between honored foes.

Western Reserve at Case: Reserve has the Presidents' Athletic Conference title tucked away with a 5-0 record, and Case has a lowly 1-4 mark after winning its opener. But they throw away the records when these neighbors meet.

Sixteen of the state's 35 colleges wind up the campaign with this week's games, only 13 games remaining for the following week.

The Ohioans won 9 and lost 6 interstate games Saturday, and now have a record of 53-31-2 for the campaign.

Ohio State's win over Indiana was amazing. The hapless Hoosiers made only one first down in the first three quarters, and had a net of only two yards rushing in the entire game. The Bucks used 58 players, but Indiana was impotent against all until a blocked punt in the final minutes gave the Hoosiers a shot at their lone touchdown.

Fullback Bob Ferguson was injured in the second period, after

Alliance Bowlers Set Pace Here In Elks' Tourney

Teams from Alliance dominated the first night of action Saturday in the 3rd Annual N.E.O. District Elks Mixed Doubles Tournament being held at Timberlakes with Salem Lodge B.P.O. Elks 305 as host.

Rolling into first place with a sizzling 1197 score was the combination of JoAnn and Jush Dawson of Alliance. Alliance people hold the top seven spots.

Other high mixed doubles teams are as follows: 2. Dale and George Ewing, Alliance, 1178; 3. Laura Polinori and J. McEwen, Alliance, 1176; 4. Barbara and James Wilson, Alliance, 1171; 5. Midge and Frank Rupp, Alliance, 1160; 6. Mildred Hammond and J. Gursay, Alliance, 1155; 7. Jean and Jack Smelling, Alliance, 1145; 8. Florence and Robert Green, Girard, 1129;

9. Ina Hayes and Emil Brunner, Alliance, 1125; 10. Justice Phillips and John Yoho, Alliance, 1122; 11. Mary Lou Oroz and Dale Workman, Alliance, 1120; 12. Mary Ann Lau and Bill Hillis, Salem and Alliance, 1110; 13 (tie) Virginia and Stan Polanski, Girard, 1107; Francis and Frank Franko Alliance, 1107; and 15. Evelyn and Chuck Garrison, Alliance, 1104.

Ray Dixon of Alliance had a 594 series to lead the men while Ina Hayes posted a 506 which was high for the women.

High single honors went to Chuck Garrison who had a 227. The best single game for a woman was Mary Lou Oroz's 207.

The tournament, which is being managed by Paul Lau, will run for six Saturday nights.

Nats' Rally Falls Short

Rod Hundley Paces Lakers to 115-113 Win

SAN FRANCISCO (AP)—On a professional basketball team blow a 26 point lead with 15 minutes left?

The Los Angeles Lakers almost did Sunday night when they edged Syracuse 115-113 in the only game in the National Basketball Association.

With just 30 seconds to play, Dick Barnett and Dolph Schayes pulled the Nats to within two points at 115-113.

But the pressing Nats fouled the Lakers' Bob Leonard twice in the final half minute and Leonard drilled home four straight free throws to ice the Los Angeles victory.

Schayes, the NBA's all-time all-arounder, led the scorers with 31 points, 19 of them in the second half. The Lakers were paced by Rod Hundley's 29. Frank Selvy had 26 and Elgin Baylor bucketed 20 for Los Angeles.

The crowd was estimated at 2,000 — far below the expectations of those who have been trying to promote an NBA franchise for San Francisco.

The league president, Maurice Podoloff, attended the game. Asked about the league's expansion plans, Podoloff said the NBA probably would include Chicago and Pittsburgh next season, San Francisco? Maybe in 1962-63, Podoloff said. And the stress was on "maybe."

The victory completed a week-end sweep of the Nats by the Lakers. They beat Syracuse 112-110 in a nationally televised game in Los Angeles Saturday.

In other Saturday games, the unbeaten Philadelphia Warriors nailed their sixth straight, 130-123 over Detroit, as Walt Chamberlain scored 32 points; Cincinnati got 25 points from Oscar Robertson and 18 from Bob Boozer in a 113-104 whipping of the stumbling Boston Celtics; and Cliff Hagan's 35 points led St. Louis to its fourth straight victory and fifth against one loss, 119-104 over the New York Knickerbockers.

City Cage Leagues Meet at 7:30 Tonight

A meeting of all basketball teams which plan to participate in City Class A or AA Leagues this season will be held at 7:30 tonight in the Memorial Building.

Besides the team representatives Rusty Tomlinson, director of the Memorial Building, urges all prospective players to be on hand to discuss the possibility of using a "draft system" for determining the make up of the teams in both leagues this year.

Jackson-Milton Jolts Western Reserve, 12-0

Western Reserve closed its season Saturday with a 1-8 record after bowing to Jackson-Milton, 12-0, Saturday at North Jackson.

The win for Jackson-Milton was only its third in nine games.

Tim Dent raced 48 yards for a touchdown in the first quarter.

The Bluejays' other TD came in the fourth frame when Howard Sahi cracked over from the two for his first touchdown of the season.

Poland Clinches Tri-County Tie

The Poland Bulldogs clinched at least a tie for the Tri-County League crown Saturday by virtue of its 8-6 squeaker over Minerva.

The East Palestine Bulldogs, winner of four league titles in a row, can tie for the crown this year if they can defeat Columbiana Friday. East Palestine and Poland battled to a 6-6 tie two weeks ago.

Poland sent Bill Zimmer into the line for a two-yard score in the first quarter Saturday and Duncan Ingraham passed to Bob Ludt for the two-point conversion which led to the defeat of an aroused Minerva eleven.

Gary Nigro raced 75 yards for the Lions' touchdown in the opening quarter which gave them a 6-0 lead. Nigro however was stopped short on his extra point attempt.

Minerva has a 6-3 season record while Poland is 7-0-1.

### LAND

92 acres of scenic beauty and fertile soil with an enchanting  
secluded fresh water lake well stocked with game fish, nestling  
amid many delightful choice plantings . . . plus a large picture-  
esque fresh water stream that will provide you and your family  
with many enjoyable and relaxing hours of good fishing and  
swimming. 30 acres of the finest bottom land for pasture, 60  
acres of tillable, very productive land and every inch in a high  
state of fertility. The bottom land with the constant flowing  
fresh water Mahoning River running its course through this par-  
cel could be easily converted into a very nice lake of a larger  
size of your desire.

### BUILDINGS

Very attractive, modern six room home, superbly constructed  
on a well landscaped tract with a high elevation. Affording an  
exciting panoramic view of the surrounding countryside . . .  
comfortable and cheerful, it offers many appreciative features  
and consists of an entrance hall, spacious living room, dining  
room with dado, large paneled kitchen with breakfast area,  
laundry room, three generous size bedrooms with large ward-  
robes and a tiled bath . . . The basement has a concrete floor  
and is of good height . . . you will be well pleased to know  
that this home is entirely heated by a new gas furnace and that  
there is a new gas A. U. I. hot water tank to add to your comfort.  
Moreover the gas you use is supplied by the farm's  
own natural well . . . sparkling, clear and refreshing spring  
water from an overlying supply is pumped into the house  
to be yours to enjoy throughout the year . . . truly this lovely  
home offers the discriminating buyer many advantages rarely  
found in rural homes. The soundly constructed and well main-  
tained bank barn has all concrete floors, wired for lights and  
heavy duty service, running water, feed lots fenced and paved  
and has a capacity of 10,000 bales and a 1,000 bushel granary  
. . . plus machinery storage . . . there is also a very good  
smaller calf barn . . . barns have capacity to accommodate 130  
head of cattle, both well designed to reduce all labor to a bare  
minimum. Two drive through self emptying corn cribs with a  
total capacity of 4,000 bushels and a 300 ton capacity self feeding  
bunker silo will also simplify your operation.

### STOCK

24 polled Hereford brood cows, T.B. and bangs tested, bred to  
start freshening in February . . . the present owner spent 10  
years in building this herd . . . part are registered . . . all are  
pure bred . . . none older than seven years, most are younger  
. . . the majority will please the most discerning buyers.

## The City

By HAL BOYLE

NEW YORK (AP) — Here is the only place in the world where a skyline is a calorie.

If you watch it long, the danger is that it will make you fat with a sense of belonging.

To live in Manhattan is a prolonged invitation to challenge. This is the world's greatest town for saying "hello" — and then ploughing a sincere elbow between your eyeballs without love or apology.

Like San Francisco and New Orleans, it is a self-conscious city.

del. It can afford the luxury of laughing at itself, but still present itself as the great dinosaur of modern world cities.

New York is the most old fashioned of majestic towns in some ways, the least in others. Of course, to be old-fashioned here means that you cry when they tear down a 40-year-old apartment house and replace it with a 40-story office building.

The real cause for weeping is this: Some of the buildings that are destroyed are far better architecture than the buildings that succeed them.

There is no major city on earth that tries harder to achieve newness—a city more willing to sacrifice its grandeur of granite to reflect its future in mirrored towers of metal bordered glass.

But in this quicksilver-melting of its past, Manhattan has hazily destroyed some of its finest previous ingredients.

Sure people make buildings, but good buildings, also help make good people—and certainly do sustain them by a pride of belonging. A building can be more than a place to come into while it is raining. It can be a sunshine shelter too. It can be a spiritual rainbow in stone. It can give you a sense of personal wealth merely because you work in it. It can be part of the salary of living called satisfaction.

This is an odd town. People come from everywhere to Manhattan, but most of them are hearts and minds in transit. They are looters by intent, if not always by performance. They be-

live there is something here that can be stolen and taken away and enjoyed better somewhere else.

The truth is, of course, that many of the people who come to take from Manhattan remain to give to it. The stranger in time becomes at home in its concrete forest.

This is a marvelous place to invest a lifetime—as well as a visit. Or at least the productive part of a lifetime.

There are those who say that Manhattan is the best town to grow old in. I don't believe that. The town's policy of traffic control, fast-paced one way streets than can be crossed safely only if one has the rapidity of the rabbit—can but increase the hazards of the elderly pedestrian and reduce his sense of security and feeling of being essential. It is hard for him to believe he belongs and is wanted.

But it is always a great town to grow and stay young in. The greatest. It is a three-ring circus available by seaplane and helicopter as well as by subway.

Because it is, after 300 years of youth, still a young town, one both enjoys and resents its appetite for change.

They tear down so many strong able-bodied buildings here to make way for newer ones that a balding, middle-aged human building has an uneasy sense of teetering on the edge of survival, too.

### BENNY PLAYS IN BENEFIT

CINCINNATI (AP)—With comedian Jack Benny playing the violin as its chief attraction, the Cincinnati Symphony had a full house of 3,718 for a benefit concert for the orchestra pension fund Sunday night. The concert raised a gross of \$36,100 for the fund. Benny made similar appearances in the last six days with the Indianapolis Symphony and the Cleveland Orchestra.

### FIRE DESTROYS INN

WARREN, Ohio (AP)—Fire destroyed the Bloomfield Inn on Ohio 87 at Bloomfield Center west of here Sunday. Damage was estimated at \$15,000 to \$20,000.

The blaze, believed to have been started by an overheated stoker furnace, was first spotted by an officer of the Ohio Highway Patrol. Firemen from Orwell, Bristolville and Middlefield fought the blaze. No one was injured.

## In The Service

Robert W. Little

Recruit Robert W. Little of RD 1, Leetonia, is at Fort Knox, Ky., for eight weeks of Army basic training.

The son of Mr. and Mrs. John M. Little, he enlisted for three years under the army's vocational training program. After completing basic training he will receive technical training in field artillery weapons, with further assignment to Europe.

Eugene S. Ansman, aerographer's mate, USN, son of Mr. and Mrs. John A. Asman of 750 Michigan Blvd., appeared in the filming of a television show with actor Ernest Borgnine Oct. 3 while serving aboard the anti-submarine warfare support aircraft carrier USS Kearsarge operating out of Long Beach, Calif. The film personality narrated the program which is scheduled for release in early 1961 in commemoration of the 50th anniversary of Naval Aviation.

Fred S. Needs, son of Mrs. Wilbur E. Dyke of RD 1, Rogers, graduated from recruit training Oct. 29 at the Naval Training Center, Great Lakes, Ill.

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dynex)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

"We Stand Today on the Edge of a New Frontier"

## Needed Leadership in the 60's

Our country must have vigorous, decisive leadership—now. Our economy cannot afford to remain stagnant. A "New Frontier" awaits our people. Tomorrow promises an abundance of goods to fill the needs of an expanding and employed population. Today, all Americans pray for world peace to achieve these goals.

The future is here—the opportunity is now.

Our country, the world, demands a man who can provide imaginative and aggressive leadership. Woodrow Wilson was one such man. Franklin Roosevelt and Harry Truman were such men.

We, the undersigned, urge you to restore America to this great tradition!
